

THE TAJIMA DIFFERENCE

Strategically-designed blades that combine the best in material, tempering and sharpening.

Only SK-120 Premium Grade Steel
The purest grade of steel ensures the strongest-possible core and results in a more accurately tooled and sharpened blade.

Precise, Multi-Step Sharpening
Optimized cutting edge geometry and advanced honing techniques results in consistent, superior cutting performance.

Japanese-Style Tempering
A centuries-old process of heat-treating and hardening the steel to further maximize blade strength and cutting edge life.

Optimized blade geometry and cutting edge angles

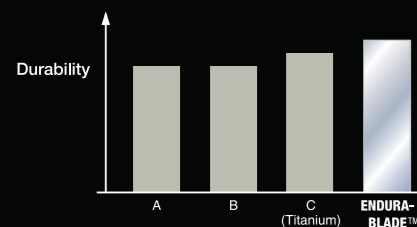

To ensure the best cutting performance for specific types of material.

ENDURA-BLADE™

For general purpose scoring and cutting, ideal for work with Drywall, Wood and other Thick Materials. An extremely sharp and strong blade that integrates premium steel, Japanese-style tempering and multi-step sharpening to produce a dependable, solid feel and long cutting performance.

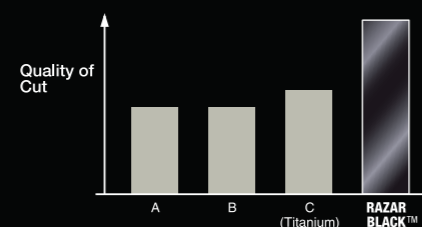

● Cutting Edge Durability

RAZAR BLACK BLADE™

For precise cutting and fine material slicing, ideal for work with Paper, Film and other Thin Materials. A razor-sharp acute angle blade that integrates premium steel, Japanese-style tempering and multi-step sharpening to produce an exceptionally smooth and fine quality of cut.

● Quality of Cut
